Screening, Brief Intervention & Referral to Treatment

Resources and Materials

NORC at the University of Chicago has partnered with the Council on Social Work Education (CSWE), the Center for Clinical Social Work (CCSW) and the American Association of Colleges of Nursing (AACN) to engage nursing and social work schools, and their accrediting bodies, in a learning collaborative funded by the Conrad N. Hilton Foundation to develop and evaluate interactive, competency based substance use screening, brief intervention, and referral to treatment (SBIRT) curriculum.

On-Demand Courses

Adolescent Specific Courses:

Introduction to SBIRT for Adolescents

Enhance the knowledge of SBIRT necessary to identify and address the needs of young individuals who are using alcohol or other drugs (AOD) in a risky manner. Presented by Sharon Levy, MD, MPH, and developed in collaboration with the Adolescent Substance Abuse Program (ASAP) at Boston Children's Hospital. (3 CEs available) Available from the National SBIRT ATTC.

Substance Use in Adults and Adolescents: Screening, Brief Intervention and Referral to Treatment (SBIRT)

This course addresses the basic principles of SBIRT as well as coding and reimbursement for the implementation of SBIRT in practice. Available from Medscape.
